TALES OF LOBSTER DESIRE AND INTRIGUE

BASED ON "REAL" EVENTS

Wood-Grilled Cold Water Lobster Tail

So then I said... "if you really knew me, you'd know that I'm from the cold waters of the North Atlantic and that I'm wood-grilled, seasoned and served with butter for dipping." Honestly. Check my Facebook page!

Lobster Roll Sliders + Fries

I had this dream once that I was enveloped by soft, warm toasted brioche buns.

Like being hugged by rich, buttery pillows.

Then I realized I was awake. And forever changed.

Wood-Grilled Cold Water Lobster Tail Dinner

My best friends are a Bonefish salad and a fresh side.

Like three musketeers waiting for an adventure.

We cannot be defeated. Many have tried.

Steak topped with Lobster Thermidor

A passionate tale of forbidden love - so steamy, so indulgent, that it can only be expressed with a 6 oz wood-grilled sirloin and sweet lobster, lump crab, a velvety sauce with a hint of sherry, and garlic whipped potatoes. Or maybe it was a filet for +\$6? Either way.

All Natural Rita-Tini

Everyone has a tequila story or two. Or seven.

Some of mine fell right on the rocks, while others were straight up with fresh lime, Organic Sauza Blue Tequila and agave nectar. Only 150 calories, and worth every one.

what will your story be?
